

How will your project save water, improve water use efficiency or conserve the values of a waterway?

Education: to qualify for a Waterwise School grant, your school must conduct water conservation education. Please choose Option A or B to meet this requirement.

Option A: Receive a school education visit from the Water Conservation Officer

Option B: Link with existing school curriculum (please provide details of the program)

Provide a list of who will participate in your project

(e.g. number of students, school staff and/or parents):

When will your project be implemented and completed? What maintenance arrangements will be put in place to secure the water savings of the project?

How will you promote the achievements of your project to the broader community? Is the school willing to participate in media publicity of your project?

Please provide a detailed budget of your project (e.g. equipment hire, consumables, water efficiency equipment /appliances, contractors). Attach copies of quotes.

What support do you require from outside agencies/specialists in relation to your project?
(You are encouraged to list support required so that we can assist to make your project a success.)

Submission requirements:

The application should be sent to:

Water Conservation Officer
Department of Natural Resources, Environment, the Arts and Sport
PO Box 1120
Alice Springs NT 0871
Phone: 8951 9209
Fax: 8951 9268
Email: waterwise.nreta@nt.gov.au

Selection process:

Applications will be judged by a selection panel from Power and Water Corporation and DNRETAS.
Applications will be considered on a first come, first served basis until the grants are exhausted.

Successful applicants will be required to sign a funding agreement and on completion of the project must submit an acquittal of expenditure and a brief report on project outcomes.
